- The buckles and fasteners must be in good condition and without damages.
- Belts and stitches must be in good order and not worn out.
- All buckles must be available and not missing or broken.
- If you discover damages, you must cease usage of the product until they are repaired!
- Do not use or store the product near open fire or other sources of heat in order to avoid plastic buckles deformity.
- Do not make changes or modifications on the product! Contact the authorized service or the trader where you purchased the product for advice and repair. Chipolino is not responsible in case that spare parts which are not supplied or approved by manufacturer were used
- Keep away the plastic packaging in order to avoid risk of suffocation!

USING THE HARNESS

1 - Place the harness around child's chest and close the sticky straps. The harness must be well fitted around child's chest without causing any pressure. Fasten the buckles at the back of the harness, in order to fix it.

2 - Adjust the belts length if necessary via both buckles.

3 - Attach the handle to the belts at both sides to hold the baby with one hand. Remove the handle and hold the baby with both your hands via belts.

CARE AND MAINTENANCE GUIDELINES

- ❖ The plastic parts must be cleaned with soft detergent and damp cloth.
- ❖ Do not clean with aggressive detergents that contain abrasive particles, ammonia, bleach or spirits.
- ❖ You can hand wash the harness at temperature up to 30°C. Follow the washing label on the product.
- ❖ Do not tumble dry! Do not iron!
- ❖ Always let the product dry fully before storing or using it. If the product is stored wet, this can cause mold.
- ❖ Store the product in a clean and dry place. Do not expose directly to environment factors - sunlight, rain, moisture or harsh temperature amplitudes!
- ❖ Contact your authorized dealer if consultation or repair is needed.
